

Environmental Policy

Costa is a leading producer, processor and distributor of fresh horticultural produce and aligned products throughout Australia. Costa actively seeks to be a market leader in its category.

Costa is committed to undertaking its activities in an environmentally responsible manner and effectively managing any risk that may impact the environment.

Within our operations Costa will:

- comply with all relevant environmental laws, regulations and standards and will take all steps necessary to ensure that its activities do not compromise this commitment.
- reduce and recycle waste materials where possible and dispose of other waste material in a responsible manner.
- promote the efficient use of energy and water and where appropriate alternative fuels
- act as an environmentally responsible corporate citizen and engage with local communities and other stakeholder groups to reduce any adverse environmental impacts.

Costa will work with our customers and suppliers to increase the environmental performance of their operations, products, services and the supply chain.

Through communication and training, our employees and contractors will be encouraged and assisted to enhance Costa's environmental awareness and performance.

All Costa employees have a responsibility to actively contribute towards avoiding or minimising environmental impacts in their day to day activities.

Harry Debney
CEO - Costa
